

Wound Dressing Selection

(Click on the title to access the module)

The key learning points in this 45-minute module are:

- Criteria that influences dressing selection.
- Common categories of dressings and their forms & functions.
- Use of the categories to meet the needs of the wound care interventions.

This module is for your personal development, you can review it as often as you wish.

If you need to have a record that you have completed this module, please access the module through your health authority/agency's Learning & Development site, as the CLWK site does not register completion of modules.
