

Wound Packing

(Click on the title to access the module)

The key learning points in this 30-minute module are the:

- Indications and contraindications for wound packing.
- Dressings used for packing.
- How to perform wound packing.
- Importance of doing & documenting the packing pieces count.

This module is for your personal development, you can review it as often as you wish.

If you need to have a record that you have completed this module, please access the module through your health authority/agency's Learning & Development site, as the CLWK site does not register completion of modules.
